

In Allah's ( ) court on the Day of Judgment, either you are a Muslim or Non-Muslim. If your basic Islamic faith is not correct, you will be declared as non Muslim or hypocrite (Munafiq) and treated accordingly.

We have described the beliefs of [Salafis and their like minded groups](#) below to see how they could be treated on the Day of Judgment.

## ALLAH ( ) AND HIS ATTRIBUTES

The Correct Islamic faith about Allah ( ) is, 'He is one, Independent (everything is dependent upon him), and He is free from the considerations of form, shape, face, limitation of any kind, exclusive or creature like'.

**It is in Quran** - Say (O'Prophet - ) Allah ( ) is one. Allah ( ) is independent. He does not have children. Nobody has given birth to him. Nobody can match Him or equal Him". (**Al-Ikhlās - 1- 4**).

**It is in Quran** - 'There is nothing like Him; He is the All-hearing, the All-seeing. (**Ash-Shura – 11**).

## Salafi Beliefs about Allah ( )

- (1) Allah ( ) needs
- (2) Allah ( ) is divisible
- (3) Allah ( ) settles in a place
- (4) Allah ( ) has six directions, (i) up (ii) down, (iii) Left, (iv) right, (v) front, and (vi) back. He is sitting above the skies and His face is towards His Arsh.
- (5) Allah ( ) has a "hadd" (limitation), no one but He Knows it. His place also has a "hadd" (limitation) which is on His Arsh above the skies. These are two limits for Allah ( ).

(6) Allah (سبحانه و تعالی) has a size

(7) Allah (سبحانه و تعالی) must be creating continuously, though He can choose what to create, but He cannot choose whether to create or not.

(8) Allah (سبحانه و تعالی) is not mixed with His creation, but is encompassing the world from a surface outside the borders of His creation.

(9) Allah (سبحانه و تعالی) has two real eyes, two real hands, a real face and other limbs. How are his limbs? This is known to Him only.

Any person with an average common sense will easily conclude that the above believes are clear cut idol worship.

**Salafi God is a very very big human like Idol with two real eyes, two big hands and face, physically sitting above the skies, his face is towards the Arsh. They worship that Idol 5 times a day during Salah. We fail to understand what is the difference between them and Idol worshipers.**
